Business Competence in Europe.

Certificate of Excellence EBBD

EBBD is a joint European VET certificate of excellence, with a focus on Business, Europe and Internationalisation, offered by almost 50 colleges, throughout nine European Countries (www.ebbd.eu).

EBBD equips learners with additional competences and (transversal) skills in the **fields of Business, Europe and Internationalisation**. These competences form a **homogenous standard across Europe**. EBBD is a **label of excellence** which builds on national curricula but goes beyond.

Transversal skills based on European frameworks for digitalisation, entrepreneurship and life-long learning are integrated into the certificate. As a consequence, EBBD leads to an added value not only for the graduates, but also for the economy, the participating educational institutions and the European Education Area in general.

What are benefits for VET colleges to offer EBBD?

EBBD leads to more **attractive VET programmes** and **better equipped graduates** who master international and business (transversal) skills and competences.

It is **proof of excellence** and enables learners to **Study, Work and Live in Europe**. It **increases career opportunities and opens minds**. EBBD colleges stand out in the quality and attractiveness of their programmes.

EBBD colleges are part of a **strong European network of almost 50 colleges**, throughout Europe, all offering EBBD to their learners, **a joint European certificate**. This leads to **opportunities for students, teachers and colleges to cooperate internationally** in this international business programme.

STRUCTURE OF THE EBBD CURRICULUM

Transversal Skills (Implementation of European Frameworks)

Lifelong Learning Competences
